ABOUT COLLEGE

Government Larang Sai PG College Ramanujanj is lead college of the district, which was established on 13th October 1987 by the Department of Higher Education Govt of Madhya Pradesh. The college is NAAC accredited and is affiliated with Sant Gahira Guru Vishwavidyalaya, Sarguja, Ambikapur (C.G.). Although college is situated in tribal belt of Surguja Division of Chhattisgarh state, it has two buildings with other facilities like Canteen and Staff Quarters. Location of the college is such that it gives opportunities for not only students of Chhattisgarh only but also students from other states like Jharkhand, Uttar Pradesh and Madhya Pradesh also can get higher education from the college as it is situated in Balrampur- Ramanujanj district. Beautiful nature around the college like Tatapani, Paltan Ghat, Vanvatika, etc of the town provide good opportunities for various types of research in the area.

WAY TO COLLEGE

The college is located at Jail road, Near Larang Sai Chouk Ramanujanj. Ramanujanj is located at north most point of Chhattisgarh. Ramanujanj can be reached via road as it is 110 km away from Ambikapur, 448 km away from Raipur, 237 km away from Varanasi (UP), 51 km away from Garhwa (Jharkhand), 61 km away from Wadrafnagar, 70 km away from Chhattisgarh – Uttar Pradesh Border, 151 km away from Chhattisgarh Madhya Pradesh Border.

About the Seminar

The seminar's topic is "Nature based Solutions for Sustainable Development," with the goal of educating participants on how these approaches can help solve societal issues and achieve sustainable development, especially when it comes to water security, addressing climate change, and sustaining livelihoods based on the natural world. Humanity has advanced significantly in the last four generations in terms of global development. In addition, we have seen record levels of natural disasters, involuntary migration, state-to-state conflict, social instability, water and food crises, and climate change, among many other concerns that have brought the world to a state of planetary emergency. Solutions rooted in nature provide a mechanism to stop the depletion and loss of ecosystems and biodiversity.

Sub-themes of Seminar

• Solutions for various Pollutions	• Water Conservation
• Soil conservation	• Wetland conservation,
• Farmland management	• Forest conservation and management
• Grassland conservation	• Solutions for food security
• Climate change	• Green consumerism and circular economy
• Waste management and waste recycling	• Conservation of desert ecosystems
• Groundwater management	• Prevention of ground water contamination

• Conservation of medicinal plants	• Conservation of Non Wood Forest Products
• Ecosystem conservation and management	• Prevention of single plastic use and use of alternative products
• Impact of global climate change on wildlife management	• Ecosystem based disaster risk reduction
• Climate Adaptation services	• Ecosystem based Adaptation
• Environment and Sustainable Energy	• Conservation of Biodiversity

FULL PAPER & ABSTRACT FORMAT GUIDELINES

Participants can submit their abstracts and full paper for publication in this national seminar. The maximum word limit is 5000 for full paper and 500 for abstract. The research paper and abstract should be written in Hindi font Kruti Dev 010, size 14 or English font Times New Roman size 12.
